FDP on R programming

Date, Time: 02.02.2021 - 02:00 PM

A Faculty Development Program was provided for Microbiology and Biotechnology Faculty members on 02nd Feb 2021, Lab 12 by Mr. S. Senthil Kumar, Assistant Professor, Department of Computer Science, Hindusthan College of Arts and Science on the topic R programming and how it can be applied for statistical analysis work in research studies of science field. R programming can be used for effective data analysis. Sir explained on how to install and configure software necessary for a statistical programming environment. We were able to know how to read data into R, accessing R, writing R functions, profiling R code. The session was informative and doubts were being clarified by the resource person.
